

KIDS PROGRAM

A holiday is all about enjoyment, relaxation and adventure. For our Little Guests, there are unique opportunities for learning too, a highly valued benefit of travelling with young children. At Canaves Oia Epitome, we have developed a series of free activities for 4 to 12 year olds where they can spend their time by exploring nature, discovering Santorini's culture and having endless fun!

Worldwide Kids are the leading provider of kids' club concept development and design. They believe in creating exciting, unique environments accessible to all, where children can have fun and flourish.

SANTORINI SCULPTURES

Clay is a wonderful, natural resource from the earth. Join us to learn more about this amazing type of fine-grained natural soil material, experiment and play with it and create your own sculptures; unique pieces of art made by you, to take them home as one of a lifetime souvenir of your holidays in the majestic island of Santorini.

ECO HUNT

Discover the elements of nature! As long as you are ready to identify them, get your Eco Hunt sheet and explore the Canaves Epitome gardens to document them. Be familiarized with the natural environment, pick up any natural object that has fallen and take it with you. At the end of your hunting adventure, use the items you have collected to create a natural piece of art. Discuss about the importance of nature and ideas of how we can maintain sustainability.
